

Prayer Making!

Acts 12: 5 ff

*Prayer changes things. Prayer changes people.
Prayer changes churches.*

How does the church “make prayer”? What are the ingredients of prayer as powerful as this?

Prayer is presentation. The body presents itself.

Prayer is unity!

Prayer is focused!

***Prayer is passion! There is a modicum of
desperation to it.***

- *Prayer that we as a church would be given to a greater desperation to pray for transformation of ourselves, our families, our communities.*
-
- *Prayer for an unleashing of the gifts of the Spirit upon our congregation to that end.*
-
- *Prayer that we together would be desperate for the health and effectiveness of our campus in Macungie.*
