

Loving God with Might!
Matt 25: 14ff

***My might is my personal capacity and ability,
resources and strengths.***

We will love such that all that makes us strong is available to God!

There are qualities as well as quantities of strengths.

Fear and insecurity is the greatest obstacle to loving God with all of our might.

Worshipping God with our strengths amplifies all of the gifts that God has invested in us.

God delights in increasing our might so that we may worship Him with all of it.
