

The God of the Call!
Jn 1:1ff

God's character is to call into existence that which does not exist.

God creates from the purpose of extending the intimacy of Father, Son and Holy Spirit into creation!

From the before creation God's intention was to enter into the creation He created.

A word –ghdd - is a single utterance that is the primary carrier of meaning.

Jesus the Word is the ultimate carrier of all meaning.

The universe is created and upheld for us to see and glorify Christ.

As the Word became flesh the sustainer of that universe came to rest in the womb of a young Hebrew Virgin.
