

The Mother of the Call!
Luke 1:24ff

When God calls something into existence in our lives, our “fullness of time” is on God’s perfect timetable.

***We never know how God's timing in our lives,
affects the bigger picture of God's purposes!***

Prayers of faith are files in heaven and not forgotten!

What God calls into being can sometimes come as a complete surprise. We need to be prepared!

***Hearing God always involves discernment --- so be
ALERT!***

When God calls something into existence He will confirm the call!

Are we ready, willing, and able to embark upon the call that God has designed for us.
