

The Household Hope!
Joshua 2: 9ff.

Each of us who hope in God are the hope of our families!

Some families are redemptive. Some are destructive

Whereas our faith doesn't directly redeem the members of our families, God uses our hope as ground for our families to be saved.

Family is always messy, even for a redemptive family.

***The measure of my family's redemptive sufficiency
is the measure of my hope.***

Redemptive families honor the family of God!
