

The Terra Firma of Hope!
Romans 15:13

Hope in God is the ground upon which the power of Love can give rise to faith and then sustain faith.

***Our hope in God enlarges into our hope in our own
resurrections.***

We are to be radiant with hope because God purposes our hope to be contagious.

***Contagious hope is the ground upon which others
flex their faith***

Positioning ourselves in the presence of God builds hope.

Intimacy with the word of God intensifies hope.
