

Loving the Logos!
Psalm 138

The written word of God, the scripture, proceeds from the Living Word of God, Jesus.

The Living Word of God is the fulfillment of the written word!

***We can honor the word of God as a gesture of love
by delighting in it.***

We delight in the Scripture because it has no competition.

We delight in the Scripture because in our obedience to it our love is made complete.

We honor God's word when we praise and declare it.

***We honor God's word by approaching it to sift us,
form us, and shape who we are.***
