

The Gentile Star!
Matt 2:2ff

In order to be a light of direction, God's light first has to be a light of revelation.

Quit disqualifying yourself from what God purposes to do!

***Following the light requires that we are available to
have wonder awakened within us!***

Be prepared to worship away a few your treasures.

Following the light means that we rejoice in the light.

Flee from any light that is, in fact, artificial light!

***Submit your light to the authority of the scriptures
without which no light functions.***
