

The Virgin Birth!
Luke 1: 26-35

***The virgin birth is all about the virgin. Virginity . . .
not so much!***

The virgin birth assures that we never imagine that we engineered our own salvation.

We have always needed a savior who isn't us.

But we have also always needed a savior who is us.

The Child conceived of the Holy Spirit and born of the virgin is us and isn't us . . . Jesus Christ, God and Man.

The virgin birth is the path for Jesus to be born free of original sin.

The natural impossibility of the virgin birth is a sign to each of us that no word from God is void of power.
