

The Word Made Flesh!
John 1:1ff

From before creation God's intention was to enter into the creation He created.

***When Jesus both created and entered creation He
created and entered as the Word!***

A word –ghdd - is a single utterance that is the primary carrier of meaning.

Jesus the Word is the ultimate carrier of all meaning.

The Word became flesh so that words become flesh!

Every Word from God is chock full of redemptive information for us.

What word is in your wallet this Christmas?
