

When Salvation Comes to Our House!
Luke 19: 1ff.

Possessions are not the point. Generous hearts are our goal.

Two sentiments conflict in every person, greed and generosity. The sentiment that we feed is the one that wins.

The sign that salvation has come to our house is a heart of generosity.

Generosity – ghdd - is a heart of detachment from what I possess so that I can truly prosper.

There are different currencies of generosity.

Every promise from God rests upon a premise.

You cannot love without giving. But you can give without loving.
