

From Fear to Faith!

Mark 4: 33-41

The function of faith is never to deny the fact of the storm.

Moving from fear to faith is not an event. It is a process.

Hey God! Why do you seem indifferent to what I am going through?

Why are you afraid? How is that you have no faith?

When fear and faith wrestle, the winner will be either unbelief or trust in God.

Corrupt fear finds its match in the Fear of God.
