

A Spirit of Fear!
2 Tim 1:3ff

What is this human spirit from which I behave?

Our human spirit – ghdd - is the God breathed and God-conscious animating force in every person without which we cease to exist.

When our human spirit is unhealthy we are vulnerable to demonic influence.

The loss of power or love or self-control fuels fear.

Rekindling the Holy Spirit assures us of our spiritual power, our love of God, and our self-control.
