

A Choreography of Mercy!
Jn 8: 1-11

Deep insecurity often fuels the passion for another's judgment.

***When someone levels an accusation at anyone,
whose voice am I listening to?***

Mercy sees and penetrates past judgment into another's redemption.

Mercy becomes possible when we are able to stoop to the position of the one who needs the mercy.

Mercy isn't mechanical. Mercy functions by way of the gift of discernment.

We don't "sin no more" to be accepted by Jesus. We "sin no more" because He has already accepted us.
