

Love, Devotion and Empowerment!
Acts 2:42 ff.

Purpose has to do with where we want to go. Power has to do with by what means we get there. Plan has to do with by what method we go.

Love begets power.

For the church to enter its destiny, love must become devotion.

Devotion – ghdd – is God given affection that becomes laser focused toward His purpose.

The creation of a people calls for devotion for one another.

Restored joy in worship arises from devotion to the table of the Lord.

***The trigger that launches everyone “into the game”
is devotion to the Holy Spirit “stuff.”***

The building of apostolic community requires devotion to apostolic instruction.
