

# Do Justice

Micah 6:6-8

True worship flows out of a life of  
humble, merciful justice.

What is justice?

To do justice is to will *and* work towards *shalom*: the positive wellbeing, flourishing and beautification of all people and things.

Injustice happens when power is abused, favouring some to the detriment of others.

Only by looking to Jesus can be transformed into the kind of people who live justly.

Reflection question: How will I use my power?
