

***“Watch Your Six”!***

***John 11: 20-27***

***The “One Accord” of the disciples begins with His resurrection not at Pentecost.***

***Satan has the Church in a position where it can become blind to the assurance that God is actually doing something.***

***To “watch your six” means to watch for the blind spot in your faith.***

***When it seems as if what we hoped for has died and there is no natural or supernatural answer, Jesus becomes our resurrection.***

***Death is our enemy, not because of its power to end us but because of its power to deceive us.***

***Watch you six, Church!***
