

The Sermon on the Mount

MATTHEW 5-7

Masterclass:

a practical teaching workshop in which a recognised expert instructs a small group of highly talented students in a particular skill.

The *Sermon on the Mount* is
Jesus' masterclass.

But what is Jesus the *master* of?
What should his students expect to
learn?

**Jesus is the master of *life*. His apprentices
learn how to practice what he practiced
so that they become as he is.**
