

The Sin of Spin!

Matt 5:33-37 James 3: 5-12

Spin – is the misuse of language to manipulate others toward some end.

Plain speech – is the ethical use of language to persuade others toward an end.

What we express and the way that we express it can affect the course of our lives!

The motivation with which we communicate and fashion a truth which God has given us is as important as the truth itself!

Our tongues have the power to control or harness external forces which impact our lives as well as the lives of others.

To Curse is to intentionally or unintentionally bring to bear spiritual power upon another as we express ill toward another.

Slander is telling a lie about someone in order to diminish them in another's eyes.

Gossip is telling a truth about someone in order to diminish them in another's eyes.

Facial frontal assault – is speaking to another with callous indifference concerning them!

We can't curse another if we are in the business of blessing them.
