

Little Big King!
Rev 12: 1-6

Christmas is not to celebrate the birth what was a potential king, it was the birth of The King and The Only King!

Whenever the church is being positioned by God to bring forth the Christ to a lost world, there is a dragon waiting to devour us.

***Because a King is born whose authority is most real
we are privileged and responsible to share in His
royal prerogative.***

A little King's authority works from position as well as relationship.

How we understand our royalty decides how we exercise our authority.

Unless there is a revival of love, there will be no revival.
