

The Power of the Unimagined!

Luke 24: 13ff

How you think about your life after death is the key to thinking about everything else.

***The only way to know the power of His resurrection
is to encounter the Resurrected One.***

In the history of redemption the devil is never allowed to outperform God!

***When we begin to experience the presence of God
it's never meant to remain private.***

The revelation of Jesus in His breaking bread was the assurance of the community of believers that the enemy intended to fracture.

As we learn to praise once more we will gather once more.
