

# The Consequence of Praise

## Acts 16:16-31

**Heresy is more often revealed not  
by false information but false fruit.**

**The fruit of Christlike praise is  
liberation.**

**Christlike praise is magnified by  
suffering.**

**Suffering, more than anything else,  
reveals the nature of our praise.**

**Christlike praise orients our  
hearts towards compassion.**
