

Prelude to Passion!
Song of Solomon: 5:2 ff.

Passion – ghdd – is a compelling powerful emotion that causes us to act.

Whether with God or people, disappointment is a passion killer.

Of all of the ways that believers misapprehend God and his purposes, our greatest difficulty is yielding to God's timing.

***Those who complain that God has neglected them
are often those who have neglected God!***

Sometimes God will creatively neglect us to enlarge our sense of His ultimate faithfulness!
